

Inspection and Duties

Tent inspection takes place every morning before breakfast, so all campers need to be up, washed and dressed, and have their belongings packed away and neatly laid out on time.

Above is an illustration of how to lay your kit out. It's a real team effort with each tent competing with all the others.

The inspecting Officers will assess the layout, neatness and cleanliness of kit and tent, and award points. They will also ensure that the tents are aired and check that all campers are well and happy. This year there will also be some interesting tent team challenges which could add points to your score!

Orderly Squad

Every camper will be assigned Orderly squad duties during the week.

This generally consists of clearing away after meals and washing up, drying and storing away all the pots, pans, plates, bowls, cutlery, cups and utensils used.

Tucker

	Breakfast	Lunch	Evening Meal	Supper
